REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art fails to teach a combination of all the limitations as claimed in the independent claim 1, wherein the claimed invention comprising said lower edge lens supporting surface includes means to retain said lens when mounted to said frame and wherein said upper edge surface of said right and left portions of said frame and said upper edge of said right and left regions of said lens include cooperating means to secure said lens to said frame; said flexible plastic material of said frame enabling a snap-in engagement and a snap-out disengagement of said securing means to and from one another as claimed. The prior art neither disclose nor fairly suggest, by themselves or in combining with any other reference, to meet a combination of all the limitations as claimed in claims 1,5. Therefore claims 1-12 could be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
